**1. BEST USE OF NUMEROLOGY** Looks like seven could be chef Peter Smith's lucky number. His new restaurant PS 7's, named for its 777 street address and his initials, is expected to open this month with a modern American menu divided into seven sections. We can't wait to try the Vidalia alum's lobster degustation, boasting lobster boudin, lobster chowder with lobster liaison and potato foam, a beignet with lobster glace and oeufs Escoffier. 777 I St., NW.
